

University of Louisiana at Lafayette

User Personas and Scenarios Case

Faculty and Staff – Dr. James Albert, Ph.D – Professor of Biology

Professor James Albert is a Professor of Biology with the University of Louisiana at Lafayette. As a faculty member of the prestigious University of Louisiana at Lafayette, Dr. Albert is interested studying marine biology. He research is mostly devoted to diversity, systematics, and evolution of tropical fishes. Aside from his research interests, Dr. Albert is also perceptive to his financial well-being – including his personal state of wealth and funding for his research. Although Dr. Albert spends the majority of his time researching the state of tropical fishes, he also dedicates his time to also writing research proposal grants. His biggest contributor is the National Science Foundation.

Although Dr. Albert's research encompasses the majority of his time as a faculty member at the University, Dr. Albert also enjoys teaching students as a biology professor. As of 2012, he currently mentors several graduate students in his laboratory and teaches undergraduate courses in marine biology. When he is not in his lab, he is usually in his office generating exams and evaluating student performance. He also hosts office hours for his students so students may ask him questions about the content of his classes.

Scenario 1: Class Roster

Scenario Event Description:	Scenario Question
